

Livestream Launches Studio™ HD51, a New Live Production Switcher with HDMI Support

NEW YORK, NY – February 11, 2014 – Today, [Livestream](http://Livestream.com) (Livestream.com), the leader in live video, announced the expansion of its award-winning suite of hardware and integrated software with Studio™ HD51, a new, all-in-one live production switcher ideal for studios, facilities, and live production trucks.

Key new features include:

- 5 Inputs and 1 Output with HDMI and HD-SDI support
- Dual screen viewing
- ISO recording and remote camera
- Sleek new LED design allows installation on desktop or rack mount
- [Plus hundreds of Livestream Studio™ features](#)

Productions with cost-effective HDMI cameras or professional grade HD-SDI cameras now have the flexibility of a switcher with dual HDMI and SDI inputs.

Purchase of Livestream Studio™ HD51 includes 1 year of 7 days a week phone support with expert customer service and technical support. Livestream Studio™ HD51 is now shipping in North and South America via distributor [1Source Video](#) today for \$7,999 MSRP as well as [UK](#) and [Western Europe](#), [Russia](#), [Australia](#) and [New Zealand](#).

Livestream Studio™ HD51 will be demoed live today at 2:00pm ET by CEO and Co-founder Max Haot. Tune in to watch live or on-demand here: <http://new.livestream.com/livestream/LivestreamHD51>
